Journeying to Ghana 2022

August 31, 2022 - September 10, 2022

Travel Day - Charleston, SC

I was excited as this was my fourth trip traveling back home to Ghana. What was most important about this trip was I was getting a chance to work with the educators who impact the lives of the students helping them improve and maximize their potential and mission as community stakeholders. Other than the mechanical issue in Charleston, we were good to go to fly and connect at JFK in New York, NY.

Almost Home and Back In Action

When I arrive at JFK and see the Accra departure sign, the people, the clothes, the colors, and hear the language, the anticipation builds because I am getting closer to returning to Ghana and doing, what I was born and called to do!

The Arrival in Accra, Ghana!

When I landed in Ghana, I was overjoyed! I was greeted by the staff of the Jerremites International School and the FaFali Foundation, friends, and beautiful children who presented me with flowers. I could not have received a better welcome back to Ghana! I was humbled and honored to return.

A True Global Impact

I was excited to see my friend and brother Raymond who is the visionary and founder of the Ngorli Foundation. Through the Fafali (formerly Ngorli) Foundation, children's lives have been impacted not just in Ghana, but in the United Kingdom and United States. We salute Raymond for his dedication, as well as being a Veteran having served in the United States Army.

MISSION PROJECT ONE

EDUCATION SUMMIT 2022

SEPTEMBER 3, 2022

DOWNTOWN HOTEL, WEST LEGON

This year through the inauguration of the Vineyard Foundation, in partnership with the Fafali Organization, both organizations hosted the first ever Education Summit centered around leadership, character education, and best practices for classroom management and concerns around social work issues plaguing families. The attendees inspired me through their efforts in serving their students.

Benjamin Franklin said, "An investment in knowledge pays the best interest." Through teamwork, collaboration, and facilitation, these teachers gained tools and best practices to use for empowering and enriching the lives of their students. This event inspired me just as much as it inspired them.

MISSION PROJECT TWO

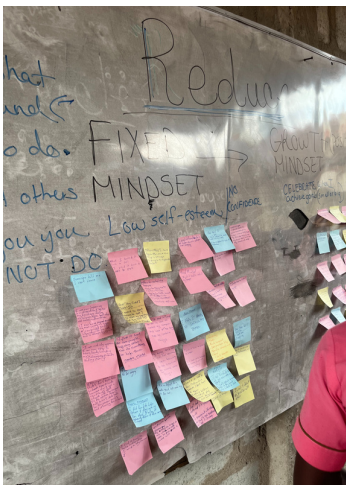

CHARACTER EDUCATION, LEADERSHIP & PERSONAL DEVELOPMENT

SEPTEMBER 6-8, 2022

JERREMITIES INTERNATIONAL SCHOOL, WEST LEGON

During this project, students gained insight in understanding the definition of identity and taking negative thoughts and feelings about themselves exchanging them with positive thoughts. This activity was amazing because students openly expressed their tenacity for overcoming hardship and negative thoughts by participating in group activities and completing a vision board.

PARENTS COMMUNITY FORUM

Parents are the bridge between children and education in Ghana. For many children in the West Legon section of Ghana, education is critical for advancement in society. What is even more important for the child is having parental support while attending school. In partnership with the FaFali Organization and the Vineyard Foundation, Jerremites International School hosted its first-ever parents' community forum.

Seeing parents advocate for their children and talk about ways of improving their communication with the school was a beautiful sight. The FaFali Organization and the Vineyard Foundation facilitated the conversation as they collaborated on finding solutions for supporting the school and families in the community! The parents proved themselves to be true champions of change!

WE MADE IT TO JOY PRIME NEWS AFRICA!

On Thursday, September 8, 2022, Barry E. Knighton, MSW, CEO, the Vineyard Foundation and Rev. Senyo Sosu, CEO, Fafali Organization were interviewed by news anchor Roselyn Felli on the morning news. They shared about the Education Summit and its lasting impact on teachers throughout all of the Ghana.

THE ENCORE

SEPTEMBER 8, 2022
VICTORIA WORLD SCHOOL
WEST LEGON

I was pleased to visit Victoria World School with Principal Stanley, and his excellent teachers, who attended the Educational Leadership Summit. I got to meet all the children and spend time with the teachers. I encouraged the students to ask any question. Let me tell you, those students were not afraid to ask tough questions!

They asked me everything from the relationship between whites and people of color, immigration, racism, and prejudice. As a social worker, I enjoyed the questions and realized they are inquisitive thinkers. They are our future world leaders!

"Cultivate curiosity. If you really want to grow in your lifetime, learn to be inquisitive as a child. Curious people are never bored, and for them life becomes an unending study of joy." - Tony Robbins

The Power of Perpetual Partnerships

Dinner with the Starlight Foundation

The Vineyard Foundation sponsored a dinner with Isaac Opuko, CEO, the Starlight Foundation and his amazing leaders. We discussed future partnerships and their work in working with displaced youth in the city of Kasoa, located in the Central Region. I look forward to following-up with them on improving the situation.

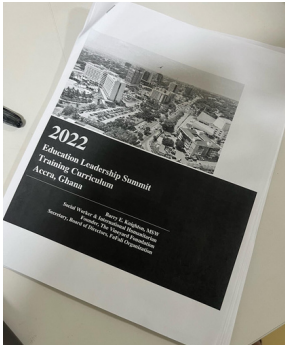

Hosting the Reliance Charity Foundation Workshop 2022

The Vineyard Foundation, sponsored a workshop with the Reliance Charity Foundation which is under the extraordinary leadership of Eric Owiredu. Through faith-based outreach and evangelism, this organization supports widows, helps orphanages, and partners with schools all across Ghana. The workshop centered on teaching best practices to expand community outreach. These young people are incredible, and I honored and humbled they entrusted me to be in their lives.
